4.0 REPORTING PROCEDURES

A. A mandated reporter as defined herein shall immediately report the neglect or physical or sexual abuse, which he or she knows or has reason to believe is happening or has happened within the preceding three years to the local welfare agency, police department, or county sheriff, as required by current law. Reports older than three years may be voluntarily reported by mandated reporters at any time.

B. If the immediate report has been made orally, by telephone or otherwise, the oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff or local welfare agency. The written report shall identify the child, any person believed to be responsible for the abuse or neglect of the child if the person is known, the nature and extent of the abuse or neglect and the name and address of the reporter.

C. A person mandated by Minnesota law and this policy to report who knows or has reason to believe that a child is neglected or physically or sexually abused, as defined by Minnesota law and this policy, or has been neglected or physically or sexually abused within the preceding three years, and fails to report is guilty of a misdemeanor, and such a failure to report may result in discipline.

D. Submission of a good faith report under Minnesota law and this policy will not adversely affect the reporter's employment, or the child's access to school.

E. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, and the reckless making of a false report may result in discipline. The court may also award attorney's fees.

5.0 INVESTIGATION

A. The responsibility for investigating reports of suspected neglect or physical or sexual abuse rests with the appropriate county agency or agencies. The investigating agency may interview the child at school. The interview may take place outside the presence of a school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child's care. School personnel may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.

B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property will be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.

6.0 C. D. Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be

within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, students, or school employees when an interview is conducted on school premises. The school's independent investigation is required only under employment, safety, and Title IX obligations. Where the alleged perpetrator is believed to be a school employee, volunteer, or someone under school authority, the school district shall conduct its own investigation independent of the local welfare or law enforcement agency.

MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

A. 7.0. 8.0 When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.

B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A, shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.
